### **(1) SHARING TIME**

- a) Gabi Clayton shared PFLAG Olympia is having a fundraiser the last week in January. Righteous Mothers and Steve Schlachlin will be performing at Traditions in Olympia, 8 pm January 27<sup>th</sup> and 28<sup>th</sup>. More here: <http://pflag-olympia.org>
- b) Gabi also shared that the Youth Guardian Services had a board meeting and it is rewarding to see youth from all over the world (Belize, Australia, Jamaica) leading the organization
- c) Denise Fitch OSPI – Introduced herself as the new Jeff Söder. Jeff took Denise's place when she retired; she is back. She will be working with bullying and harassment, the Healthy Youth Survey and drop-out prevention. Welcome back, Denise.
- d) Katrina Pestano reminded us of how tragic the death of Danny Vega – the South Seattle gay Filipino man recently murdered in a brutal beating -- was to his/our community. His loss is significant. There is a great amount of fear as there have been many attacks. Katrina will let us know if there is anything SSC can do.

### **(2) LEADERSHIP CHANGES**

### **(3) MEMBERSHIP REPORT – Michelle, Gabi**

- b) **Renewing member organizations** – Camp Ten Trees has renewed for 2012. Thank you.
- c) **Other** – We will start requesting renewals soon for 2012. Some of the benefits to membership are: joining with other Coalition members to do the work to protect children being harassed or bullied, getting to claim that work as your agency's own, getting access to schools through the good name of the Coalition, being able to do politically edgy work in the name of the Coalition instead of your own agency's name, having your name on the SSC letterhead, being noted as member on the SSC website, and being able to send fundraiser announcements via the SSC listserv

### **(4) FISCAL REPORT – Michelle**

- a) **Thank you to these recent donors** – Beyond the Bridge Grant (Pride Foudnation) of \$2000. It will be used for the SSC Speaker's bureau to add fund trainers and youth panelists to do anti-bullying work with middle schools, hopefully in conjunction with an art project with artist Cody **Blomberg**.

- b) **Balance as of end of last month** - \$45,000
- c) **Other** – The use of a debit card for Beth, Michelle and Katrina was approved, to avoid their having to lay-out funds for projects and wait for reimbursement.
- d) The approval was given to Michelle to spend \$25.00 per month on a subscription to a project management service to help with keeping track of projects.

(5) **STIGMA WORKGROUP – Amelia Vader, Bob Wood**

- a) The Center for AIDS Research (CFAR) Community Action Board member Amelia Vader visited the meeting to learn more about SSC's work in Seattle Schools. Their CAB is interested in learning more about different anti-stigma interventions are currently in place that work to normalize all sexual orientations and gender identities..Because of the strong link between homophobia and HIV infection the CAB is gathering information to solicit funding for a pilot research project that would hope to show effectiveness in reducing LGBTQ-related stigma. They are interested in face-to-face interventions, possibly in the form of digital stories followed by facilitated discussion. They'll be discussing how to approach the pilot funding application at their meeting in January and welcome input. They haven't determined if schools or open community events are the best target for pilot. They're not interested in re-inventing the wheel, but rather if it already exists, it's possible that this project could help evaluate current efforts and maybe provide funding.

  - Disabled child being bullied at school. Jacque took case, as mother needed an interpreter. She met with mother and will meet with teacher's assistant regarding school policy and bullying.
  - 14 yr old girl attacked by another girl so severely she got a concussion. Mother wanted help dealing with school on how they handled it and also help with hearing. Ongoing
  - Jr. High girl being bullied at school. She is hiding in bathrooms, outburst, crying etc. Ann met with mother and also met with school admin to work on solving the problem. Ongoing

- Request for resources on gender identity in Elem. School. Boy who identifies as a girl. Mother supports, father punishes. There is a great family support group at Children's Hospital that might be of help.
- 8 yr. old sexually assaulted by an 11 yr. old. Reported and attacker getting treatment. Mother wanted help getting the district to resolve issue of both children taking the same bus.
- Colorado HS staff has made a list if gay students in school. Caller wanted help to make them stop.
- Prank call to KCSARC line from boy who claims to be being bullied. Different name and number but the same story each time. Calls coming from Texas. KSCARC will suggest that he quits if he calls again. We received the call and tried to call but the number was not a working number
- We received a call from the parent of a high school asking for help protecting the GSA at the school. She feels the administration is trying to get rid of it.
- We discussed the role of the intervention team in requests regarding Sexual assault or learning challenges. The team does not deal with the legal aspect of interventions and we do not have expertise in handling other factors such as autism. We can and do help parents in these situations with "Safety Plans to protect their child while at school. Hopefully we can work with parents and administrators to accomplish a safe learning environment.
